Ramsey County Grant Agreement

This Grant Agreement is between Ramsey County, acting through Saint Paul - Ramsey County Public Health department, 90 West Plato Boulevard, Suite 200 Saint Paul, MN 55107 ("County") and the City of Saint Paul, 15 W. Kellogg Blvd.; Room 700, Saint Paul, MN 55102 ("Grantee").

Background

- A. The County is empowered to enter into this grant agreement.
- B. The Grantee agrees to perform all services described in this grant agreement to the satisfaction of the County.

Terms and Conditions

1. Grantee Duties

The Grantee, who is not a County employee, will undertake the following activities within the following timeline and in accordance with the attached workplan and budget:

- The Patients Experiencing Cardiac Arrest Caused by a Severe Opioid Overdose program is designed to enhance lifesaving interventions for individuals experiencing opioid overdoses across all target populations. A critical component of the initiative is the acquisition and deployment of a LUCAS mechanical chest compression device, which provides consistent, high-quality cardiopulmonary resuscitation during emergency response.

The Grantee will purchase and install a LUCAS resuscitation device in one of their ambulances for use on patients who are in cardiac arrest.

The Grantee will use, manage and dispose of equipment acquired under this award in accordance with State laws and procedures. The disposition of equipment purchased under this Agreement shall be in accordance with 2 CFR Part 200. 313. For all equipment having a current per unit fair market value of \$5000 or more, the County shall have the right to require transfer of equipment (including title) to an eligible non-Federal party named by the County.

The Grantee will submit a report, attached and made part of this agreement as Attachment A, on the number of overdose patients that were resuscitated while transported to the emergency department. Report shall also include:

- Overdose patients resuscitated between the period of December 10, 2025 through December 31, 2025: report is due March 1, 2026.
- Overdose patients resuscitated between the period of January 1, 2026 through December 31, 2026: report is due March 1, 2027.

- Grantee agrees that it will comply with any additional reporting required for financial oversight, including but not limited to its use of gift cards, or stipends for client services, or purchases of equipment.
- During the term of the Agreement, the County reserves the right to add similar in scope services, via written amendment, to accommodate accidental omissions, unanticipated needs, or new offerings.

2. Racial Equity

The County is committed to advancing racial equity for its residents. The commitment is captured in the County's Advancing Racial Equity Policy which states that "Racial equity is achieved when race can no longer be used to predict life outcomes, and outcomes for all are improved."

Consistent with the Advancing Racial Equity Policy, the Grantee will take all reasonable measures to advance racial equity during grant performance. Grantee recognizes and acknowledges this requires deconstructing barriers and changing systems, structures, policies, and procedures. Grantee will be equitable, inclusive, transparent, respectful, and impactful in serving and engaging residents. Grantee will have meaningful and authentic engagement of community and employees to strengthen the administration, development, and implementation of policies and procedures to advance racial equity and ensure that all residents in need have awareness of and access to grant services.
